INTRODUCTION

Under the supervision of the Curaçao Chamber of Commerce and Industry, this year Mon Art Productions organizes **the 17th Study and Career Fair**. The SCF offers students in the final two years of high school the possibility to get to know different colleges & universities, courses and professions. For students who choose to study abroad the SCF is important, because they usually do not have the option to visit these colleges in advance. But the SCF is also valuable for students who choose to remain in Curaçao, as local colleges and companies are also present at the fair. In this newsletter you can read more about the Study and Career Fair and related activities such as the **Youth Power Lunch**.

Study and Career Fair 2010

The 17th edition of the Study and Career Fair is going to be a great success. The organization hopes to welcome loyal participants, but also expects the return of last year's new participants from the United States and the Dutch and Antillean organizations for study grants. The speed-dating event, carried out in cooperation with the Curaçao Hospitality and Tourism Association, will also return. In a couple of minutes' time students will have the opportunity to ask company representatives their most important questions. **Participation is completely free, also for companies without a booth.** The Study and Career Fair will be opened on Tuesday November 9. The actual fair will be held on Wednesday the 10th and Thursday the 11th.

Monday November 8	move in
Tuesday November 9	move in and opening
Wednesday November 10	1 st day of the Fair
Thursday November 11	2 nd day of the Fair
Friday November 12	move out

The schedule for the various workshops, a crucial part the fair, will be announced in the days before the SCF.

Youth Power Lunch 2010

The Youth Power Lunch has become a real tradition to the enjoyment of the organization. This lunch is a gift from companies and organizations to the top graduates and honor students of each secondary school on Curaçao. It gives them the opportunity to exchange thoughts with the representatives of local companies that sponsor the lunch. The Coca Cola Scholarship will be handed out

and a keynote-speaker will talk about his or her experiences as a young adult on the way to success. This speech will without a doubt be as inspiring as those of Cedric Sprock of Café Barista and Rustico de Jesus of ddFoodsolutions in 2008 and of opera singer Tania Kross in 2009.

Kieskeurig and curacaostudyfair.com

Information about the Study and Career Fair is published in Kieskeurig and on the website www.curacaostudyfair.com. Kieskeurig is a free magazine in Dutch full of information about the participants, study grants and living in Curaçao or abroad. About 6000 copies are distributed among students in the days before the actual fair is held. The website offers information in Dutch and in English about past editions of the Study and Career Fair, old issues of Kieskeurig and the Youth Power Lunch.

Registering and sponsoring

It is already possible to register for this year's Study and Career Fair. Remember that Colleges and companies that register early get a **discount**. The registration form has all the information. As usual, the SCF organization requests sponsoring from companies and organizations. Without their help the SCF cannot be realized year after year, completely free of charge for students and their parents. The attached form has information about sponsoring options and the exposure companies get in return.

Contact

We hope to have provided you with enough information for the time being, but you can always contact us for more information at the address below.
